

Engineering company, GDTech offers its expertise to industrial projects spanning across all necessary stages for Design, Simulation and Industrialisation.

- Design and stress analysis
- Tools design and manufacturing
- Technical documentation
- Project management
- Engineering consulting

At first, GDTech was founded to provide a service in the numerical analysis sector. Its offer has significantly expanded. The GDTech group mission is to build an integrated service offer covering the entire product development process. Our knowledge of the state-of-the-art industrial techniques and our extensive experience ensure a perfect balance between the services we offer and your project needs. Flexibility, reactivity and thorough skills are our business-enhancing opportunities.

Our consultants are: Designer (mechanics, electricity, boiler making, pipe, frame), Study Engineer, FEA Engineer, Modelisation Engineer, Project Manager, Hydromechanics Engineer, Documentation Engineer, Exploitation Engineer, Material Engineer, Tests Technician, Method Agent, Quality Management, Work Coordinator.

Enthusiasts about new technologies and permanently on the looking after real challenges, our staff will demonstrate their experience legacy and teamwork, enhanced by a never-ending quest for continuous improvement.

Thanks to our knowledge of the most advanced industrial technologies and our expertise, we provide you a customized solution.

Our assets, our expertise, our CAE complete offer and our quality commitment [EN 9100 certified].
