MOCKEL is active in the field of high precision mechanics meeting the complex needs of our customers in the defence, aeronautics and space industries. MOCKEL currently has a workforce of 55: All of our employees are specialists in the manufacture of high precision mechanical parts. The company has the state of the art machinery, the technical know-how and the necessary experience to handle all aspects of production from start to finish.

Be it large or small parts, simple or sophisticated components, series of 5 or 10,000 parts, we translate the ideas of our customers into technical excellence. All our parts are turned and milled with high precision on state-of-the-art machines.

The company offers a wide range of industrial services:

- Turning CN 2 to 5 axes
- Milling CN 3, 4 and 5 axes
- Quality control (2 air-conditioned halls)
- Finishing zone (grinding, thread-rolling, marking, etc.)
- Assembly groups

In addition MOCKEL has developed a wide range of services to satisfy the customer: Project management, supply chain management, assembly of part...;

The company has also a large network of international authorized suppliers for heat and surface treatments, in order to deliver its customers with finished products.

MOCKEL is certified ISO 9001/EN 9100 and ISO 13485.

During the last years, we invested highly in automatization: robot system with two five-axis machines combined turning-milling machines... COME and VISIT US!
